IRFAN HAZIQ

Web Designer & Graphic Designer

Dedicated and quick learner person with a passion for acquiring new skills. I can prove my ability to work efficiently under pressure, consistently meeting deadlines. I committed to delivering all the task. Also hungry for learning to improve my skill.

Experience

Developing Games

2023-Recent

Creating a variety of games, including horror, platformer 2D, education games and more. Using Unity for the development I design the overall game mechanics. I want to continue improve my skill in game development.

Graphic Designer

2023-Recent

Experience on a range of creative projects, including designing a cereal box model, crafting advertisements for a food product, and developing an eye-catching poster for an exhibition day.

Web Design

Recent

Currently working on creating a website using html to showcase my portfolio, where I can highlight my graphic design projects, game development work during the diploma session. This website will serve as a professional platform to display my skills and experience.
